

**CALL FOR PAPERS**  
**“Accounting Information Systems and Enterprise Systems”**  
**Research Track at the 7<sup>th</sup> Mediterranean Conference on Information Systems (MCIS 2012)**  
**“Adopting emergent knowledge and technologies to develop innovative Information Systems (CloudWisdom)”**  
**Guimarães, Portugal - September 8-10, 2012**  
<http://www.mcis2012.org>

**TRACK INFORMATION**

The Special Interest Group of the Association of Information Systems on Accounting Information Systems (SIGASYS), in collaboration with the *International Journal of Accounting Information Systems (IJ AIS)*; <http://www.elsevier.com/locate/accinf>, organizes a track on Accounting Information Systems and Enterprise Systems at the upcoming 7th Mediterranean Conference on Information Systems (MCIS 2012) to be held in Guimarães, Portugal - September 8-10, 2012. Academics and practitioners from all over the world are cordially invited to present their original research.

The track is particularly interested in research on the links between information technology with accounting, auditing, reporting, management control, and related disciplines. The track is also interested in research on Enterprise Systems and their impacts on management control, organizational processes, and performance. The objective is to bring together researchers from all scientific fields related to Accounting Information Systems (AIS) for a high level interaction, discussion, and exchange of fruitful ideas in the setting of MCIS 2012.

The track will cover a wide range of topics. Topics of interest include, but are not limited to:

- AIS modeling and design (including Resource-Event-Agent modeling)
- AIS implementation and evaluation
- Business process modeling and reengineering for accounting and auditing issues
- IS assurance, audit, continuous auditing, internal audit, forensic auditing, data mining & business intelligence
- AIS and management control
- AIS reporting, XBRL
- IS evaluation, IT business value, IT/IS costs and benefits
- IT governance and compliance
- Enterprise systems, Enterprise Resource Planning, Free/Open Source ERP systems
- Inter-organizational information sharing and data quality.

Perspectives from diverse fields such as computer science, accounting, psychology, sociology, cognitive science, political science, behavioral science, and economics as well as high-quality and theoretically sound studies of any type (quantitative/qualitative studies, action research, surveys, behavioral/experimental studies, design science, case studies, theory development, etc.) are equally encouraged. All submissions must represent original work that has not already been published elsewhere. *Completed research and research-in-progress papers will be accepted.* All submissions must be in English and will be blind reviewed by at least two referees.

**PUBLICATION OPPORTUNITIES**

Accepted full papers will be published in the **Springer LNBP** series "Lecture Notes in Business Information Processing".

Accepted short papers will be published in **AIS eLibrary**.

**Authors of selected high-quality papers** will be invited will be invited to submit revised and enlarged versions of their manuscripts for fast-tracking at the *International Journal of Accounting Information Systems (IJ AIS)*.

**SUBMISSIONS**

Submissions should be sent via the conference's web site <http://www.mcis2012.org> – please specify the AIS-ES track so manuscripts will be handled by the track co-chairs shown below.

**IMPORTANT DATES**

Submission Deadline: March 9<sup>th</sup>, 2012

Notification to Authors: May 11<sup>th</sup>, 2012

Final Papers: July 1<sup>st</sup>, 2012

**TRACK CO-CHAIRS**

If you have any questions please do not hesitate to e-mail the track co-chairs:

Prof. Andreas I. Nicolaou, Bowling Green State University, USA, [anicol@bgsu.edu](mailto:anicol@bgsu.edu)

Prof. Constantinos J. Stefanou, Alexander TEI of Thessaloniki, Greece, [stefanou@acc.teithe.gr](mailto:stefanou@acc.teithe.gr)
