10th Annual Pre-ICIS Workshop on Accounting Information Systems

Wednesday, December 12, 2018

Held in conjunction with the International Conference on Information Systems

San Francisco, California

CALL FOR PAPERS AND PANEL PROPOSALS

SIG ASYS cordially invites academics and practitioners from all over the world to present original research and/or to organize a panel discussion in the field of Accounting Information Systems (AIS). The workshop will focus on a wide range of topics and research methods at the intersection of accounting and information systems. The SIG ASYS Workshop will be held in San Francisco before the start of ICIS 2018. The specific location will be announced once it is assigned by ICIS. The day-long workshop will be followed by an evening celebration and networking dinner at a local pub/restaurant at no additional cost.

Topics of interest include, but are not limited to:

- AIS integration
- AIS modelling
- Big data
- Blockchain technology
- Continuous auditing
- Crowdsourcing
- Data mining and business intelligence
- Design and implementation issues of AIS
- Evaluation, assessment and business value of AIS
- Forensic auditing
- Global AIS
- Information security management
- Information technology (IT) governance
- IT auditing
- Internal control and fraud
- Management control and AIS
- Risk assessment and enterprise risk management
- Social network and media
- eXtensible Business Reporting Language
- Security and privacy in accounting systems

All submissions must represent original work that has not already been published in a journal or conference proceedings (in complete form – abstract publication is permissible). At least one author of the accepted paper must register for the workshop and be prepared to present the paper in person.

Submissions must be in the form of: a completed research paper, a research-in-progress paper or a panel proposal. All completed research papers and research-in-progress papers must be in English and be carefully blinded. Submissions will be blind reviewed by at least two peers. Note that accepted papers will not be published in workshop proceedings.

Completed research papers

Completed research papers should conform to the International Journal of Accounting Information Systems (*IJAIS*) format, which is consistent with American Accounting Association and other Elsevier accounting journals. For more details, please see the *IJAIS* guide for authors at the following URL:

<https://www.elsevier.com/journals/international-journal-of-accounting-information-systems/1467-0895/guide-for-authors>

Research-in-progress papers

Submission of promising research, in its early stage, should take the form of a research-in-progress paper and be presented as an extended abstract. This abstract should include the following sections: research objectives and questions; theoretical foundations of the study; research methodology being used; current status of the project, and a description of what the authors propose to present at the workshop. Note that complete analysis of results is *not required*. Research-in-progress papers should be limited to approximately 4000 words.

Panel proposals

Panel proposals should be at least one-page in length and include: a general description of the topic; details of all potential panelists (including their name, affiliation, email, and a one paragraph bio); a statement to the effect that if the panel proposal is accepted, all panelists have made a commitment to serve on the panel; and a brief description of each panelists background, expertise and views on the proposed topic.

The workshop will be held as an all-day meeting on Wednesday, December 12, 2018, in San Francisco just before the start of ICIS 2018. Participants should plan on arriving the day before for an early start at the workshop. The customary networking celebration dinner will take place after the workshop on Wednesday evening. The workshop will have a single track to maximize interaction and participation. Workshop participants, including presenters and panelists, must pay the registration fee.

BEST PAPER AWARD 2018

One best paper award will be announced at the workshop, and this paper, after meeting the required revisions, will be published in the *IJAIS* at the author's prerogative.

SUBMISSION PROCESS

SIG ASYS Submissions (Pre-ICIS Workshop Only) 2018

Paper enquires, submissions, and panel proposals should be sent to ICIS2018AIS@gmail.com and please indicate whether the submission is completed research, research-in-progress, or a panel proposal.

SIG ASYS and *JAIS* (Dual Consideration) Submissions 2018

At the authors' prerogative, submitted papers can also be considered for publication in the International Journal of Accounting Information Systems (*JAIS*). These papers should constitute original research that is not currently being considered for publication or has not been previously published elsewhere. For concurrent consideration at both the SIG ASYS workshop and *JAIS*, authors should submit their manuscripts using the *JAIS* online submission system at <http://ees.elsevier.com/accinf/default.asp> and e-mail your complete manuscript to ICIS2018AIS@gmail.com. Please clearly specify in your cover letters to *JAIS* and SIG ASYS that your submission is a dual submission and is intended for presentation at SIG ASYS 2018.
