

CALL FOR PAPERS
“Accounting Information Systems and Enterprise Systems”
Research Track at the
6th Mediterranean Conference on Information Systems (MCIS 2011)
September 3-5, 2011
Cyprus

TRACK INFORMATION

The Special Interest Group of the Association of Information Systems on Accounting Information Systems (SIGASYS), in collaboration with the *International Journal of Accounting Information Systems (IJ AIS)*; <http://www.elsevier.com/locate/accinf>), organizes a track on Accounting Information Systems and Enterprise Systems at the upcoming 6th Mediterranean Conference on Information Systems (MCIS 2011) to be held in Cyprus in September, 3-5, 2011. Academics and practitioners from all over the world are cordially invited to present their original research.

The track is particularly interested in research on the links between information and communication technologies with accounting, auditing, reporting, management control, and related disciplines. The track is also interested in research on Enterprise Systems and their impacts on management control, organizational processes, and performance. The objective is to bring together researchers from all scientific fields related to Accounting Information Systems (AIS) for a high level interaction, discussion, and exchange of fruitful ideas in the beautiful and inspiring surroundings in Aphrodite’s island and in the city of Amathous, an industrious city flourishing in the Cypro-Geometric period.

The track will cover a wide range of topics. Topics of interest include, but are not limited to:

- AIS modeling and design (including Resource-Event-Agent modeling)
- AIS implementation and evaluation
- Business process modeling and reengineering for accounting and auditing issues
- IS assurance, audit, continuous auditing, internal audit, forensic auditing, data mining & business intelligence
- AIS and management control
- AIS reporting, XBRL
- IS evaluation, IT business value, IT/IS costs and benefits
- IT governance and compliance
- Enterprise systems, Enterprise Resource Planning, Free/Open Source ERP systems

Perspectives from diverse fields such as computer science, accounting, psychology, sociology, cognitive science, political science, behavioral science, and economics as well as high-quality and theoretically sound studies of any type (quantitative/qualitative studies, action research, surveys, behavioral/experimental studies, design science, case studies, theory development, etc.) are equally encouraged. All submissions must represent original work that has not already been published elsewhere. Completed research and research-in-progress papers will be accepted. All submissions must be in English and will be blind reviewed by at least two referees.

FAST-TRACKING TO IJ AIS

Authors of selected papers will be invited to submit their papers for fast-tracking to the *International Journal of Accounting Information Systems (IJ AIS)*.

IMPORTANT DATES

Submission Deadline: May 2, 2011

Notification to Authors: June 15, 2011

Final Papers: July 1st, 2011

TRACK CO-CHAIRS

If you have any questions please do not hesitate to e-mail the track co-chairs:

Prof. Andreas I. Nicolaou, Bowling Green State University, USA, anicol@bgsu.edu

Prof. Constantinos J. Stefanou, Alexander TEI of Thessaloniki, Greece, [stefanou@ acc.teithe.gr](mailto:stefanou@acc.teithe.gr)
